August 23, 2019

Welcome families.

It is my esteemed honor to greet our new and returning students! My faculty and staff look forward to working with you this year.

All Saints Cathedral School has been providing high-quality, affordable education within an inclusive and supportive environment for our community since the early 1900s. The administration has pledged our intent to be "**committed to the brand**" in all our efforts this year. We seek to excel in academic, interscholastic and intramural activities, as is the All Saints way. I look forward to your support of our students, faculty, staff, and events during this year.

As you can see, there have been many enhancements over the summer to our physical plant and we have some new members on our teaching faculty. Please note that the comfort, convenience and welfare of our students was the instrumental driver in our long range planning. We are quickly approaching our next self-study period for accreditation and are committed to making sure that proper alignment of all resources are in place. There are many academic enhancement programs readily available to assist students meet 21st century learning targets.

In closing, parents, I thank you and your child for being our front line ambassadors. Your kind words and actions within the community do much to ensure continued programmatic, fiscal, and financial support of our beloved All Saints Cathedral School.

Sincerely yours.

Carla Sarauw
Head of School
